

SSHNO travel grant for visiting a Nordic center in 2024

Nordic multidisciplinary collaboration is a key point for SSHNO. Thus, SSHNO would like in 2024 to support one young head and neck specialist (within the field of surgery or oncology) with a grant of 20.000 SEK to visit another Nordic center for a focused stay that could include, learning a specific technique, organisational aspects or for collaborating on head and neck cancer research.

- The applicant should be in training or within 5 years after specialisation within the field of head and neck cancer
- The applicant should be a member of SSHNO
- Have an appointment for a planned stay at another Nordic center outside the country of residence
- Agreement from host institution and own institution for the exchange before application
- Provide a short description of the goal with the exchange
- Agreed time for the exchange should be at least one full week
- We urge the applicant to be present to receive the grant at the SSHNO meeting in Lund, April 18-20. 2024

The application should be sent to the president of SSHNO, Åse Bratland before February 29th 2024 (23.59) on BRT@ous-hf.no
